Feels like the rain drops (x8)

Hold my hand let's chase the sun
We both know something begun
Nothing feels that real without you,
Want to learn so much about you

Shining star I've seen your face
Everything falls into place
Nothing else seems to matter

(You bring me alive)

Feels so lonely, wont you show me
Where I need to be

(You bring me alive)

Chorus:

Feels like rain drops on my skin
You reach me somewhere deep within
You make my body come alive
(You bring me alive)
I whisper the things you never knew
I can't believe that tonight I'm here with you
You make my body come alive
(You bring me alive)

See it burning in my eyes
Don't want words, don't want a lie
They say more than what is spoken
Promises always been broken

Feels so lonely, wont you show me
Where I need to be
(You bring me alive)

Chorus:

Feels like rain drops on my skin
You reach me somewhere deep within

You make my body come alive
(You bring me alive)
I whisper the things you never knew
I can't believe that tonight I'm here with you
You make my body come alive
(You bring me alive)

Feels like the rain drops..(x8)
(You bring me alive)
