Cuts so deep inside
So deep they just won't heal
No matter what you try

The more you fight
The deeper it plants its evil roots
The more you hide
The harder it sticks its claws in you

She breastfed you with blame
Self-restraint and shame
For the best of you

Bound by grace
A cold embrace
She did it all for you
She did it all for you
Bound by grace
A cold embrace
She did it all for you
She did it all for you

Hurt so deep inside
So deep you cannot breathe
Still you won't make a sigh

The more you care
The sharper it hits your inmost core
The more you bear
It pushes harder than before

She breastfed you with blame
Self-restraint and shame
For the best of you

Bound by grace
A cold embrace
She did it all for you
She did it all for you
Bound by grace
A cold embrace

She did it all for you
She did it all for you

She did it all for you
She did it all for you
She did it all for you

Bound by grace
A cold embrace
She did it all for you
She did it all for you
Bound by grace
A cold embrace
She did it all for you
She did it all for you

She did it all for you
She did it all for you
She did it all for you
She did it all for you
