I saw it right from the start
I felt the pain in your heart
Now there's no turning back
Inside you're all cold and black

I see it once again
I feel it once again
And now it's gonna take you away

I saw it right from the start
I felt the pain in your heart
Now there's no turning back
Inside you're all cold and black

I see it once again
I feel it once again
And now it's gonna take you away

I saw it right from the start
I felt the pain in your heart
Now there's no turning back
Inside you're all cold and black

I see it once again
I feel it once again
And now it's gonna take you away

I saw it right from the start
I felt the pain in your heart
Now there's no turning back
Inside you're all cold and black

I see it once again
I feel it once again
'cause I'm the sickness in you
'cause I'm the sickness in you
'cause I'm the sickness in you

I am so close
You seem so far
Still we are one

I'm the sickness in you

I am so close
You seem so far
Still we are one
I'm the sickness in you
I'm the sickness in you
I'm the sickness in you

I am so close
You seem so far
Still we are one
I'm the sickness in you

I am so close
You seem so far
Still we are one
I'm the sickness in you
I'm the sickness in you
'Cause I'm the sickness in you
I'm the sickness in you
'Cause I'm the sickness in you
