Blindfold your eyes and feel me  
Draw a picture of what you see  
Portray my heart and soul  
Filter it through your hands

The colours of my sins  
All the shadows of my mind  
Won't you draw the line where pain begins  
And cross it one more time

Feel the portrait of lost innocence  
Denial and deep silence  
Revealing the truth  
I have lost myself  
I have lost myself

Feel the portrait of lost innocence  
Denial and deep silence  
Revealing the truth  
I have lost myself  
I have lost myself

No I'm not asking you to lie  
Maybe blurring the roughest edge  
Leave out the vile details  
Melt me into the scene  
The silence of pure white  
And the poison of green  
It's a perfect scene in a perfect light  
Paint me alive tonight

Feel the portrait of lost innocence  
Denial and deep silence  
Revealing the truth  
I have lost myself  
I have lost myself

Feel the portrait of lost innocence  
Denial and deep silence  
Revealing the truth  
I have lost myself

I have lost myself

Feel the portrait of lost innocence  
Denial and deep silence  
Revealing the truth  
I have lost myself  
I have lost myself

Feel the portrait of lost innocence  
Denial and deep silence  
Revealing the truth  
I have lost myself  
I have lost myself
