It's always now
It's always now
The cycle gets shorter year by year
It's always now

It's never again
It's never the same
The pace gets faster day by day
But it's never the same

A starting line where the end begins
A place that's the end of you and me
The time is now

It's always here
It's always here
The shadow grows shorter step by step
But it's always here

It's time to go
It's time to go
The clock runs faster tick by tick
'Cause it's time to go

A starting line where the end begins
A place that's the end of you and me

The time is now
Right here on the edge
The time is now
Not to fall off the ledge
The time is now
Break free of the chains
The time is now
To wake and take up the reins
The time is now
The time is now!

The time is now
Right here on the edge
The time is now

Not to fall off the ledge
The time is now
Break free of the chains
The time is now
To wake and take up the reins
The time is now

The time is now!
The time is now!
The time is now!
