My heart feels like a racecar
I wanna see how far this thing can go
Take every curve wide open
Baby I know we're on the right road
A mile this side of forever
Outskirts of someplace really cool
I can tell we're getting closer
Sign ahead says population 2
No slowin down, no turning round
We're gonna burn right into

Love city
Music playin all night
Love city
Nothin but the dash lights
Live it up on us
Makin love the suns never gonna come up
In love city

Stars meltin' through the windshield
Fallin softly on your face
Paint a picture of heaven
Who would ever wanna leave this place
This may sound crazy but
Baby the way you make me feel
I would be happy with
a picket fence around this oldsmobile
Just you and me
fallin deep into the heart of

Love city
Music playin all night
Love city
Nothin but the dash lights
Live it up on us
Makin love the suns never gonna come up
In love city, yeah!

Love city
Music playin all night
Love city
Nothin but the dash lights

Live it up on us
Makin love the suns never gonna come up
In love, in love, love city
