Vicious
Blood lust
Cut-throat
Two faced
What are you?
Stand and be felt
Collapse their dimensions in this state of purgatory
We are shadows, holograms, will-of-the-wisps
Images, concepts, versions
Mirrored selves
The option is obligatory
Expand your dimensions
Implode, explore
Repent the dementia,
You're going to die, and so am I
So let us conceptualize, Forging a state of growth
We are shadows, holograms...
We are shadows, holograms, will-of-the-wisps.
The option is obligatory
