I've gone and lost my sense of self thrown out the door
And back down on the floor again
I'm just glad that I've got my friends to stand
At my back when I need them
(When I need them)

I've got to quit beating myself up (over this)
Over things out of my control (it's out of my hands)
I'm finally at the point where I've got nothing left to lose
And I've got nothing more to prove

So lets set this night off right and stay looking up
Overcome these tough times and never give up
I'm so glad I've got my friends to stand
At my back when I need them
(When I need them)

I got my friends, when I need them
I got my friends, when I need them
(We got our friends)
I got my friends
(To stand at our backs)
When I need them
(We got our friends)
I got my friends
(To stand at our backs)
When I need them
(We got our friends)
I got my friends
(To stand at our backs)
When I need them
(We got our friends)
I got my friends
(To stand at our backs)
When I need them

I've gone and lost my sense of self right out the door
And back down on the floor again

I've got splinters running through my face and fingers
From picking myself up through all this shit

I've got to quit beating myself up (over this)
Over things out of my control (it's out of my hands)
I'm finally at the point where I've got nothing left to lose
And I've got nothing more to prove

So lets set this night off right and stay looking up
Overcome these tough times and never give up
[X3]

I've gone and lost myself again
