If a tree falls down and nobody is around  
Then does it really make a sound  
But if the mafia kills someone and doesn't get caught  
Is the person really dead? I thought so  
If the moon's made of cheese and there's a man in the  
moon

round?  
Let's put a hose in the ground, watch the gophers all  
drown  
Oh Captain, my Captain, the ship's gonna blow, Jim  
Desperate for a rocket, notify my next of kin  
How exactly do you go about kicking a ballistic  
Try Unlucky Charms, they're magically sadisticâ„¢

[chorus]

Who's the Big Mack? Is it that clown with a white face?  
Let me get a cubicle for Basket Case

Got a bimbo from limbo eatin' chicken real fast  
If your car starts to fart don't give it no more gas  
I got a...
