Hey big boy, ooh, you're lookin' fine  
I like your little mustache and your cute behind  
What the hell are you talking about?  
Yeah, I like guys who go the other route  
What-cha say you and me go dance?  
There's something you should know. I don't think you understand  
This can't be, tell me is it me?  
What's the matter, hon, don't you like what you see?  
No, it's not that, I knew you didn't understand  
How should I say this...I'm not a man  
What's the point in tryin' to lie to me?  
I told ya, I find that really hard to believe  
I was born a woman, don't you see these breasts?  
I know that they're fake so just give it a rest  
I'll admit I think you got a nice face  
Yeah now you're talkin' baby let's go back to my place  
I didn't know this was a gay bar, so my position stands  
I already told ya, I'm not a man  
What's the point in tryin' to lie to me?  
I'm not a man, I find that really hard to believe  
I'm not a man, what's the point in tryin' to lie to me?  
I'm not a man, I just can't believe that  
Why don't you believe me? This just isn't fair  
Just look at these legs, hey're all covered in hair  
I'll win you over if it takes all night  
Because I'm really turned on by transvestites  
Are you really that stupid? Do I sound like a guy?  
Have you ever heard a guy with a voice this high?  
I've heard guys with higher voices than you got  
You sound like the members of the New Kids On The Block  
It really must suck to live the life you've got  
Are you a hunter? Because your brain is shot  
You got a five o'clock shadow and you look very strong  
So I don't see any way that I could be wrong  
Why don't you just give up and give me this dance  
I know you're a man, there's a bulge in your pants  
My tampon is full, why don't you mind your own business?  
If that's not a mustache, then what the hell is it?

I think you better get new glasses, man'Cause me?  
I've never been a man  
What's the point in tryin' to lie to me  
I'm not a man, I find that really hard to believe  
I'm not a man, what's the point in tryin' to lie to me?  
I'm not a man, I just can't believe that  
What am I, some desperate man  
Who just wants to get you for a one night stand?  
You can be a lumberjack and I'll be your log  
You got a better chance of getting on with my dog  
We can't have nothin'? It all depends  
I'm not worried, I know I'm gonna get you in the end  
What's that supposed to mean? I want into your jeans  
I'll smack you so hard, that would bring true my  
dreams  
You gotta understand a lot of men here are eyesores  
But to me you're more beautiful than Boy George  
You're not my type I like guys who like girls  
So why don't you go fall off the end of the world  
Your nose is so big, you must weigh a ton  
Your legs are so hairy, your panty hose run  
I'll take you on trips all across the land  
What part of no don't you understand?  
You're the type of guy that can nurture me  
I was the cutest little girl in the nursery  
I think you just had some good surgery

I don't have to take this, I'm outta here  
No, wait, sit down, c'mon, join me for a beer  
Why would I wanna stay here with you?  
You know you can't resist the thought of me with you  
I'll do things to you that you've never even seen  
I'm very creative when I'm with drag queens  
If you say no now then you'll change your mind  
And when I do, I won't be hard to find  
I'm the man of your dreams and I'm sure that  
You're the type of guy I've been lookin' for  
Just come back here with your fake breasts flappin'  
I'm not a man, you're not a what?  
Now when did this happen?  
What's the point in tryin' to lie to me?  
I'm not a man, I find that really hard to believe  
I'm not a man, what's the point in tryin' to lie to me  
I'm not a man, I just can't believe that  
I'm not a man, you have to be so give it a rest  
I'm not a man, I know you are but what am I?  
I'm not a man, well, not like me  
I'm not a man
