(parody of "Gangsta's Paradise" by Coolio)

As I walk through Las Vegas oh this city is def  
I take a look in my wallet and realize there's nothing  
left  
'Cause I've been bettin' and losing for so long that  
I still hear lots of bells and my money is gone  
But I ain't never played a game that was really worth it  
Me win on a slot machine, you know that's unheard of  
But then this one machine I'm playing, just kept on  
payin'  
Unfortunately that was the ATM  
I bet through dinner time so I skip the meal  
As the ball goes by my number on the roulette wheel  
Damn, I'm the type of guy who never seems to beat the  
odds  
But I'm back every night saying goodbye to the green  
gods  
[chorus]  
I keep paying out the price  
When I roll this lousy pair o' dice  
(repeat)

The dice are laughing at me, they always trap me  
I can't roll a number seven, I get plagued by the craps  
I put all my money down to throw my point  
But not only don't I get it I don't see the point  
My luck it all ran out 'cause I couldn't find the cork  
Seen more craps in my life than a plumber from New  
York  
I'm a brainwashed gambler and chronic cursor  
But my luck's gotta change because it can't get worse  
Piles of chips like to dwindle away  
I make less in a year than what I lost today  
I got 23 mortgages, should I make it 24?  
Oh hell, it doesn't matter, just one more

Tell me why are we so blind to see  
That they'll take us for every last penny?  
(chorus)

Liquor and the money, money and the liquor  
When alcohol is thinking, the money goes quicker  
Everybody's betting, and most of them are losing  
But they don't give a damn, because of all the boozing  
My butt is going numb 'cause I lost the circulation  
I can't afford the plane ticket back from my vacation  
I'm outta cash, I'm outta luck, I stepped in crud  
I think I'm gonna try and sell my blood now  
(chorus)
