{\*a parody of BDP's song "South Bronx"\*

Many people tell me this show is pathetic  
But when it comes on I shake like a diabetic  
TV tunes in and my brain tunes out  
And it takes another week for me to fully calm down  
Have a seat, unplug the phone  
Come on now here we go  
You got smacked up side your head  
'Cause you're talkin' during the show  
I stay glued to my TV  
Till my brain is a sieve  
If you bother me while this shows on  
You might not live, I'm watchin'

South Park! South South Park! (4 times)

I wanna be a character in that little town  
With cut paper clothing and a face that's round  
And an ability that's cool, yes they all can  
Without the use of their arms still move their hands  
I'll bet you half a penny that they're gonna kill Kenny  
The hats and earmuffs that they wear are so trendy  
They're so friendly  
And Stan's gonna puke on Wendy  
Now during the day they all go to that school  
The Chef sings a song 'cause he's just so cool  
I hope that they're all ready for the latest quiz  
Mr. Garrison's not gay, but Stan's dog is  
Now I'll tell you the easy truth, I love the little sleazy  
youths  
I wanna call up Jesus too, yeah I want the Cheezy Poofs  
Psychotic turkeys tore the place apart  
Terrance and Philip, all they do is fart  
And Kyle's stupid mother tried to can the show  
But then he met Mr. Hankey who said...  
Kenny gets killed then comes back next week  
It's like he's being cloned by that mad scientist freak  
But I don't understand why he wastes his time  
He's not worth it 'cause he's only got one behind  
And Cartman is still gaining weight

Eatin' appetizers, Snacky Cakes, Cheezy Poofs,  
Beefcake!  
Stan's uncle Jimbo hunts rabbit and fox  
And his friend Ned has a cool voice box  
And odd as it seems Jesus fights for a cause  
That's to beat the crap out of Santa Claus  
And now they got toys on the shelf at Kay-Bee  
And a home version of Kick The Baby  
And if you try to change the channel while I'm watchin'  
the show  
I'll...  
So why do I watch this show, all the people  
In the town think I'm insane  
After a hard day's work this show provides  
Quite a relief for my brain  
'Cause if I didn't well then my nerves would  
Just blow up  
And I would end up like that creature  
S'causezlebutt, and he's from

South Park, South South Park (8 times)

The Cows' star quarterback, Stan Marsh  
The fat kid, the big-boned Eric Cartman  
The little Jewish kid Kyle Brozlofsky  
(muffled: The one that nobody can ever understand,  
Kenny McCormick)
