Michelle Shocked  
(Poly Gram Songs, Inc)

There was a red sun rising early in this ghetto  
Full moon was rising late last night  
But you would not know, no you were fast asleep  
You only see the city in the broad daylight  
In the broad daylight  
Fogtown, fogtown, down and out on your streets  
I would run if I only had a place to run to  
In old Fogtown  
Her name was Ruby Red, she was a two-bit hooker  
She had a man named Juan who tried to keep her clean  
But late last night when the heroin took her  
There was one less siren when the sirens reached the  
scene  
Reached the scene  
Fogtown, fogtown, down and out on your streets  
I would run if I only had a place to run to  
Old Fogtown  
Well the city's got the charms of a painted lady  
And survival bites like a black-headed bitch  
You can find yourself on the closest corner  
You wanna stay, you wanna go you've got the Fogtown  
itch  
You've got the Fogtown itch  
Fogtown, fogtown, on down and out on your streets  
I would run if I only had a place to run  
To old Fogtown  
You're gonna be the death of me  
Death of me  
There was a red sun rising early in this ghetto  
Full moon was rising late last night  
But you would not know, no you were fast asleep  
You only see the city in the broad daylight  
In the broad daylight
