I turned around today  
Thought I saw you crying  
Sad, defeated so afraid  
You're strong and beautiful  
Oh, there's no denying  
You're a child of light  
Though shadows cloud your way

(chorus)  
In your eyes, I see love  
I see laughter  
I see hope for the dreams  
Life has shattered  
I can see in your eyes  
It is Christ, it is love  
You're the image of

In your face I see  
Through the tears you're crying  
Reflections of the risen Christ  
So rise and feel the sun  
Fly with wings of angels  
Through the dark of night  
Feel your spirit burning bright

(bridge)  
I'm so glad to see you smile  
Compassionate and strong  
You're a vision of his song  
And I'm so glad to see you smile  
It's Christ you're the image of

In your eyes, I see love  
I see laughter  
I can see in your eyes  
It is Christ...  
(chorus)
