Have A Good Time

Sue Thompson (gets my vote for all-time sexiest female voice, edging out Claudine Longet)

(doo-wah, doo-wah, have a good time)

(doo-wah, doo-wah, have a good time)

Goodbye (goodbye) I hate to see you go

But have a good time (have a good time)

So long, I'll miss you, dear, I know

But have a good time (have a good time)

Have your fling, be gay with your new love

I'm setting you free

Dance and sing, pretend that it's true love

Don't worry 'bout me

I-I-I know (I know) that tears will only drive you

Farther away (farther away)

Just go, forget that I'm alive

It's your holiday (it's your holiday)

When you're tired of being reckless and carefree

Remember that I'll be waiting to welcome you home

So have a good time (have a good time)
