Dog man star took a suck on a pill  
And stabbed a cerebellum with a curious quill  
Europe America Winterland  
Introducing the band  
Chic thug stuttered through a stereo dream  
A fifty knuckle shuffle heavy metal machine  
The tears of suburbia drowned the land  
Introducing the band

So steal me a savage subservient son  
Get him shackled up bloodied up and sucking on a gun  
I want the style of a woman the kiss of a man  
Introducing the band

And as the sci-fi lullaby starts to build  
See them whipping all the women, cracked  
governments killed  
Oh let the century die to violent hands  
Introducing the band
