I was lost by the river  
And I couldn't find a home  
And I didn't have no, no way to roam

Oh won't somebody hear me, hear me  
Come on, hear me at all  
Help me, please  
I'm just a lonely boy  
I ain't got no home

I need you so much, darling

Yeah, I've been wandering

Wandering for such a long, long time  
Won't somebody  
Please give me peace of mind  
Won't somebody hear me at all  
Hear me at all, set me free  
I'm just a lonely boy  
I ain't got no home

I got no sail, darling, yes  
Can't you hear me cry
