I love the way you love love me baby
Love the way you love love me baby
Love the way you love me baby

I watch the sky and i watch the rain
I count the drops dripping down the drain
Takes 30 seconds to talk about my day

I sit and watch you on a video screen
Your legs and faces in a magazine
Your endless places so endlessly obscene

I love the way you love me baby
Love the way you love me baby,
Love the way you love me baby

I change the channels and rot my mind
I fantasise that you're really mine
I step into the page and feel alive

I analyse our relationship
I count the cost of the broken bits
I'd call you up but i don't know where you live

I love the way you love me baby
Love the way you love me baby
Love the way you love me baby

I love the way you love love me baby
Love the way you love love me baby
Love the way you love me baby

I watch the sky and i watch the rain
I count the drops dripping down the drain
Takes 30 seconds to talk about my day

Yes i love the way you love me baby
Love the way you love me baby
Love the way you love me baby

I love the way you love love me baby

Love the way you love love me baby
Love the way you love me baby

I love the way you don't love me baby
Love the way you won't love me baby
Love the way you love me baby
