She walks the streets of summer  
Walking all day  
She likes the steel inside her  
Nothing to say

She lives inside the winter  
Walking around  
Stoned like the wheels in real life  
Wandering round

You see that girl  
You see that girl  
When she falls, she'll fall forever  
In this dogshit world

She loves the lights inside her  
Wandering around  
She lets the needle guide her  
And slowly go down

Slung like the voices in her  
Into the dark  
Time has no choices in her  
Stoned in a car

You see that girl  
You see that girl  
When she falls, she'll fall forever  
In this dogshit world

You see that girl  
You see that girl  
When she falls, she'll fall forever  
In this perfect concrete world

You see that girl  
You see that girl  
When she falls, she'll fall forever  
In this dogshit world

You see that girl

You see that girl  
When she falls, she'll fall forever  
In this perfect concrete world
