Into the midnight drama

I gaze into the flames

Hear the Screams

Of tormented pain.

The night is eternal

The night is black

As history turns the time

To create a century.

Eclipse is a terror world

To crucify my beloved

I turn back to where

I once unite the spirits.

I am wrapped in darkness

In my spirit world

From times in misery, I will come

When the heaven bleed eternal

The night of soulless chaos

A lightning rips the sky apart

Destroy the kingdom Christ.

Covered with the blood of angels

Covered with the silence of death

Through the heaven, red from blood

With pride my demons march.

Eclipse is a terror world

To crucify my beloved

Angel, slowly fade away

Dead by dawn, you shall be.

I am wrapped in darkness

In my spirit world

From times in misery, I will come

When the heavens bleed eternal

The night of soulless chaos

A lightning rips the sky apart

Destroy the kingdom Christ.

Covered with the blood of angels

Covered with the silence of death

Through the heaven, red from blood

With pride my demons march.

My legions are gathered

To crush the hordes of Christ.

War winds destroy the light

Under the banner of death we ride.

Damnation is our battlefield

I am pure destruction

Christ king shall fall

In his own blood

Heaven eternally burns

I am majesty, I am Antichrist

A war so fucking unholy.
