Soulless empty minds, divide humankind

My heart is cold as a winters night

I am war, this is pain, forget your sorrow

I am the servant of suffering

I am the servant of death

Dying cunt, follow me on your final ride

I show you blood- In torment steeped.

My infernal supremacy

This sacrifice is for you

Sorrow and tears leave your life

The light does not shine for you.

Strangled mortal body, tortured one

Fall into this demonstorm of torment, of hate and pain

Cold- In the phase of rigor mortise

Eyes- Staring empty through my flesh

Let me cut your rotten parts

Sophisticated torment

A blue eyed smiling corpse

For my king of hate and pain.

My infernal supremacy

This sacrifice is for you

Ornaments hacked in flesh

For the child of bastards son

My heart- cold as a winter night

Psychodrama is the symmetry of my soul.

Sophisticated torment

Sophisticated- So am I
