Take a step outside yourself
Your eyes don't look the same
When I look inside your head
Your eyes don't feel the same, no
All I wanted was a friend
And you turned your back on me
All I needed was a friend
Then you turned your back on me
This time, you lied, lied!
I've been trying to tell you
You lost out
I've told you a thousand times
You turned your back on me
All I wanted was a friend
You lost out
No more games, it's time for you to burn
You lied to me
I thought you were beside me
You never cared
This means you fooled us all
And you never cared
Say goodbye to life
Hello to pain
Close your eyes
And live again

I've been trying to tell you
You lost out
I've told you a thousand times
You turned your back on me
All I wanted was a friend
You lost out
You turned your back
Now you will learn
You will learn

All I wanted was a friend
But now this time you will learn
You will burn!

Tell me the truth
