Im so tired of hearing sorry
So fed up with all your lies
Your foundation is crumbling
And i see through
Through your eyes

In the midst of it all
I find out all was a lie
No more of your words
I take mine all back

And as we part ways
I find it so relieving
To finally be free
Of someone whos worthless

This life is a living hell
At least yours will be
A living hell
The house goes up in flames
You will burn

No one hears there screams
On the night when the flames set me free
Your bodies well be burned in their sleep
The match ignites
Tonight the flames set me free

I have found a release
In how i planed this out
Tonight the flames set me free

Your foundation is crumbling
And i see though
All your lies

Now i take my time
To make sure that
The gasolines
Spread around

Its so easy
to watch your burn
All of your skin
Melted off

Its so easy
Now that your gone
No more burdens
To hold me back from this

BURN TONIGHT!
NO ONE IS LEFT ALIVE!
BURN TONIGHT!
NO ONE IS LEFT ALIVE!
