Conversation.. oooh

Did it start with an obsession?  
Was the writing on the wall?  
I can see through your deception  
Through it all  
I see clearly now  
For too long you've had it your way  
For too long I've tiptoed round  
Finally we're face to face boy  
No drama now  
I'll stand my ground

*[Chorus:]*

Now the conversation's over  
And there's nothing more to say  
I've had my time with you  
So hear me now  
I won't stay  
It's my turn to walk away

No point in talking round in circles  
Or trying to read between the lines  
I saw you dancing with the devil  
I'm not blind  
Don't sympathise  
Cos for too long you've played your own game  
For too long I've stood and cried  
It's time I changed the combination  
I'll be fine  
Won't change my mind

*[Chorus:]*

Now the conversation's over  
And there's nothing more to say  
I've had my time with you  
So hear me now  
I won't stay  
It's my turn to walk away

I've found the strength to finally say it  
What the walls have heard a thousand times

And I just don't want pain  
I know I'll go insane  
I've reconnected my mind

*[Chorus:]*

Now the conversation's over, yeah  
And there's nothing more to say  
I've had my time with you  
So hear me now  
I won't stay (I won't stay)  
It's my turn to walk away

*[Chorus:]*

Now the conversation's over (it's over yeah)  
And there's nothing more to say (to say to say)  
I've had my time with you  
So hear me now  
I won't stay (I won't stay)  
It's my turn to walk away

Walk away  
Walk away  
*[repeat to fade]*
