I swore I'll never get involved
Said I'll never ever fall in love
Cause it hurt me once before,
Would it hurt me anymore ?
Since the time that I changed its different now
And the dust you and wondering off
I fell into your arms I was captured by your charms

Chorus
And here I go
Falling in love again
Here I go
Falling in love again

Lost and scared as I can be
Get the winking of the mystery
Of the sharing of my first love
Like a pair of missness glove
Now you found your way into my world
Does the women think inside the girl
Can u tell me if its real
That have forgotten how to feel

Chorus

I'm falling in love again (2x)
Oh I'm falling in love again

Here I go falling in love again
That damages all that has already done
How can I ever tell my the on loving you
Here I go giving my all again
From ready to sew what I feel

So if you will take this loving to your heart

Now you found your way into my world
Does the women think inside the girl
Can you tell me how it feels
I forgotten how it feels
Here I go giving my all again
that damages already done

How can I ever tell on loving you
Here I go giving my all again
From ready to see what I feel
So if you will take this loving to your arms

Ooh
Here I go
Giving my heart again
Falling' in love again
From the battle I just can't win
Here I go
Ooh I need a loving again
I'll be with you thin
Falling in love again (2x)
I'm falling in love again
Here I go here I go
But you never need me falling
Here I go
