### "Miss Everything"

(feat. Sean Kingston)

*[Sean Kingston - Chorus:]*

Shawty is the type who like the finer things  
Flowers, cards and candy they dont mean a thing  
You gotta control her and jewel her with diamond rings  
When shawty starts walkin she got everybody talking  
like..

Oh there she go right dere, oo there she go right dere  
Little Miss Everything, she gotta have everything  
Oh there she go right dere, oo there she go right dere  
I'm gonna give you everything I love you Miss  
Everything

*[Sugababes:]*

Ya see me  
I'm the one thats making sexy look so easy  
All the guys want this and girls they wanna be me  
Fashion is an under-statement head to toe  
You see I'm cakin' it  
But you wanna say she's mine

Ya pockets better be deep if with me you wanna creep  
Nothing less than presidential suites awoho woho  
Ya know I got a driver  
Never heard of a 9 to 5er  
Oh yes I'm fresh to death and in the club I'll be that fire

*[Sean Kingston:]*

Thing, thing, Miss Everything  
Thing, thing, Miss Everything

*[Sugababes:]*

I like them diamonds  
Like a pirate looking for treasure I know how to find  
them  
And you can best believe these boys they like to buy  
them  
So give me what I need, that Gucci that Louis V  
That's how you spell L.O.V.E wohoo

Ya pockets better be deep if with me you wanna creep  
Nothing less than presidential suites awoho woho  
Ya know I got a driver  
Never heard of a 9 to 5er  
Oh yes I'm fresh to death and in the club I'll be that fire

*[Sugababes:]*

I can get the men with a wave of my hand  
It's like this magic in my fingers I don't understand  
You buy me the world, if that would make me a Star  
It's just the joy I bring  
Call me Miss Everything!
