

## Sugababes

### "Nu Flow"

Visit "[Nu Flow](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Ladies and gentlemen, boys and girls  
It's my pleasure to introduce to you all  
The finest, the brightest, the meanest  
This ones the very best of them all  
The south London collective group  
Known as - for goodness sake roger  
Who is it?

(Chorus)

This is big bro  
Taking over the show  
With this new flow  
You need to listen up  
And feel this sh...  
Cos we wont quit  
We make them hits  
And stack them chips

Its flawless I came for the dough  
As soon as I step in the door  
I see that you're hating my glow  
The cool the flow were soon to blow  
Were tired of being this poor  
And having to sleep on the floor  
And working to nine to five  
Just like a five-dollar dame  
Knowing were worth more we simply had to settle the  
score  
That's why you see these albums  
And these singles in the store  
It's big brovaz baby  
Trying to catch some major figures  
You mess with my cheese and ill switch  
Just like schwarzenegger

(Chorus)

Its dion  
I bet you won't forget my name  
I probably maybe  
Gonna get inside your brain

Its BB's time to reign  
Were doing them platinum things  
I know you ain't ready for me

You move you lose  
Can't wear my shoes  
Cherise brand new  
Me and my crew  
Don't try our flow  
If your tongue don't roll  
You'll lose control  
Were just way too cold

Chorus

Hey yo this is j.rock  
And I've got more skills than average  
Put us together man  
Were more than all of yawl can manage  
Cos we be the baddest at it  
This here took years of practice  
And now it's more money  
And it's more madness  
Stack up on a daily base  
We've travelled so many places  
Switching so many chicks  
Were mixing up their names with faces  
They see the ice and they trip  
They like to ride on the whip  
But all I wanna know is if  
These girls are riding the ahhhhh!

Who's who's who's this?

This is the n.a.d.i.a.h  
You didn't think I was coming at ya  
Giving you people a different kind of  
Bid brother flava  
I bet yawl didn't think I was riding these  
Beats and making the paper  
But I guess that I'm a paper chaser playa  
And it's in my nature

Chorus x 2

Who's this?

Uh huh, uh huh, uh huh  
Uh huh, uh huh, uh huh  
Who's who's this?

this song belongs to big brovaz and not the sugababes
