I said I'm bored  
We have to kill the noise  
She said "why don't you try boys?"  
I said "No I'm-a get me a white girl"  
'Cause it's a big white world  
Her skin is milky and waxy  
Now I can get a taxi

I said I'm bored, "We have to kill the noise"  
He said "why don't you try girls?"  
No I'm-a get me a white boy"  
So I can have some white joy  
Skins milky and waxy  
Now I can get a taxi

She said I'm bored  
We have to kill the noise  
She said "why don't you try girls?"  
She said "No I'm-a get me a white boy"  
She said "No I'm-a get me a white boy"  
So I can have some white joy  
Gimme a white boy  
So I can have some white joy  
Her skin is milky and waxy  
Now I can get a taxi  
Now we can get a taxi  
Gimme a white girl  
It's a big white world  
Gimme a white girl  
It's a big white world  
Gimme a white girl  
Her skin is milky and waxy  
Now I can get a taxi  
I can get a taxi

They said I'm bored, "come kill the noise"  
She said "why don't you try boys?"  
No, gimme a white girl  
Gimme, gimme a white girl  
Milky and waxy  
We have to kill the noise he said

I can get a taxi  
"Why don't you try girls?" I said no  
Gimme a white girl  
Gimme a white boy  
'Cause it's a big white world  
We have to kill the noise he said  
Gimme a white girl  
"Why don't you try girls?" I said no  
'Cause it's a big white world  
Gimme a white boy  
Gonna, gimme a white girl  
So I can have some white joy  
'Cause it's a big white world  
Milky and waxy  
'Cause it's a big white world  
I can get a taxi  
Her skin is milky and waxy  
Milky and waxy  
Now I can get a taxi  
Her skin is milky and waxy  
Now I can get a taxi  
Gimme a white girl  
We have to kill the noise he said  
Gimme a white girl  
We have to kill the noise he said  
Milky and waxy  
Now I can get a taxi  
The only disease in our blood we need is love  
The only disease in our blood we need is love
