My personality is quite rude
Only to the point where I'm on girly dues
It's so hard just being me
People asking questions, maybe they can't see

Â€'Cos I've got my life controlled
How ?bout you deal with your's?
Don't talk what you don't know
You're in the back, I'm doing what I know

Me, myself, I'm twisted
You won't know, you missed it
And it's okay if I'm a little bit crazy
Am I a little bit insane? Well, maybe

And it's just a little something
But I'd rather be me than nothing
And it's okay if I'm a little bit crazy
It doesn't mean I can't be a lady

Now I'm the kind of girl who knows her biz
Flirtatious in a way but it depends on how I feel
Still I keep it classy, stay with a guy that's real
Â€'Cos if he ain't supporting
Then he's not the real deal, check it

I'm forever getting misunderstood
Always been a leader not a puppet, it's good
Before the music game there was me and that's it
I've never been the one to fight but I won't take it

Me, myself, I'm twisted
You won't know, you missed it
And it's okay if I'm a little bit crazy
Am I a little bit insane? Well, maybe

And it's just a little something
But I'd rather be me than nothing
And it's okay if I'm a little bit crazy
It doesn't mean I can't be a lady

I'm not the type to say, just get out my face

Â€Cos the girl that you think you see
Sometimes needs a little space to breathe

Please, it's not okay, to invade my space
Â€Cos the smile that you see on show
Underneath it all I need some time to grow

Me, myself, I'm twisted
You won't know, you missed it
And it's okay if I'm a little bit crazy
Am I a little bit insane? Well, maybe

And it's just a little something
But I'd rather be me than nothing
And it's okay if I'm a little bit crazy
It doesn't mean I can't be a lady

Me, myself, I'm twisted
You won't know, you missed it
And it's okay if I'm a little bit crazy
Am I a little bit insane? Well, maybe

And it's just a little something
But I'd rather be me than nothing
And it's okay if I'm a little bit crazy
It doesn't mean I can't be a lady

Me, myself, I'm twisted
You won't know, you missed it
And it's okay if I'm a little bit crazy
Am I a little bit insane? Well, maybe

And it's just a little something
But I'd rather be me than nothing
And it's okay if I'm a little bit crazy
It doesn't mean I can't be a lady
