## "Wait For You"

I'll wait, oh, oh  
I'll just wait, wait, wait  
I'll just wait, wait, wait

Feel your heart beating fast  
Hold me close, make this last  
We knew this day would come

Take a breath, breathing in  
I'm so scared of you leaving  
Wish we could both just run

Wish we could put it off  
But we can't stop time  
Seems the clock is running too fast

And now I'm feeling lost  
And I can't read your mind  
So you don't have to ask

You know I'll wait for you  
If it takes a lifetime to do  
Yeah, I will wait for you  
You're the only thing worth holding onto

No matter how far  
You know I can't live without my heart  
I hope you come home soon, soon

You know I'll wait for you  
If it takes a lifetime to do  
Yeah, I'll wait

No phone calls will have to do  
Write you letters just to prove  
You're the only thing on my mind

I know it's hard but we'll get through  
Just hold on I promise you  
Soon you'll be here by my side

Wish we could put it off

But we can't stop time  
Seems the clock is running way too fast

And now I'm feeling lost  
And I can't read your mind  
So you don't have to ask

I'll wait for you  
If it takes a lifetime to do  
Yeah, I will wait for you  
You're the only thing worth holding onto

Hey, no matter how far  
You know I can't live without my heart  
I hope you come home soon, soon

You know I'll wait for you  
If it takes a lifetime to do  
Yeah, I'll wait

Oh boy, I'll wait  
Feel my heart beating fast  
Hold me close, make this last  
We knew this day would come

You know I'll wait for you  
If it takes a lifetime to do  
Yeah, I will wait for you  
You're the only thing worth holding onto

No matter how far  
You know I can't live without my heart  
I hope you come home soon, soon

You know I'll wait for you  
If it takes a lifetime to do  
Yeah, I'll wait, wait, wait  
I'll just wait, wait, wait

I'll just wait, wait, wait  
I'll just wait, wait, wait for you  
I'll just wait, wait, wait  
I'll just wait, wait, wait

I'll just wait, wait, wait  
I'll just wait, wait, wait
