You on a good day, you messed up  
From your chromosomes to your enzymes  
Remember the time when you took my ride  
I had to get it from the impound  
My favorite revision and later  
When I asked you 'bout it you just said, yeah

But then at least you didn't crash  
If you had some cash left  
From selling my rims on the car  
Parked behind the bar

And baby, that's you on a good day  
And baby, that's you on a good day  
Disaster is always just a beat away  
But baby, I'm sticking with you anyway

You messed up  
Like when I went to Tokyo  
For promotion and got back  
Had a bill for two G's

From when you fell asleep  
Calling me overseas  
Asking 'bout my goal for the  
Cash machine and you just said, yeah

But you tried to keep the house key  
But then your new party friends  
Went and called for some stripper  
And then I just said  
(Fine)

And baby, that's you on a good day  
And baby, that's you on a good day  
Disaster is always just a beat away  
But baby, I'm sticking with you anyway

And baby, that's you on a good day  
And baby, that's you on a good day  
Disaster is always just a beat away  
But baby, I'm sticking with you anyway

I want it, I hate it, I need it  
I want it, want it, want it  
I hate it, I want it, I need it  
I hate it, I want it, I need it

But you tried to keep the house key  
But then your new party friends  
Went and called for some stripper  
And then I just said  
(You're gonna make it up to me, you know you are)

And baby, that's you on a good day  
And baby, that's you on a good day  
Disaster is always just a beat away  
But baby, I'm sticking with you anyway

And baby, that's you on a good day  
And baby, that's you on a good day  
Disaster is always just a beat away  
But baby, I'm sticking with you anyway
