As I look back now  
And I think how, how I made it  
Couldn't sleep at night things weren't right so  
frustrated  
But through it all you held my hand  
You didn't let me fall now here I stand  
I can't express the way you make me feel  
And I can't find

I can't find no one like you  
Who makes me feel the way you do  
Strung out, sold out lost in you  
You're so special to me  
Thankful you would choose me

And I won't forget what you've done, you're so faithful  
You'll be my friend until the end, you showed me love  
People may not understand, how I got to where I am  
You're the reason why, I'll love you for life  
And I can't find

I can't find no one like you  
Who makes me feel the way you do  
Strung out, sold out lost in you  
You're so special to me  
Thankful you would choose me

Nobody can love me, the way that you do  
Nobody can hold me, when I'm going through  
If I had ten thousand tongues, it wouldn't be enough  
You're love so incredible, I'll tell the world  
I'm in love

I can't find no one like you  
Who makes me feel the way you do  
Strung out, sold out lost in you  
You're so special to me  
Thankful you would choose me

I'm so in love with you  
You make my dreams come true

When I can't find my way  
You brighten up my day  
When I think of love  
You're love's all I think of
