Tell me if it's a crime  
Maybe I'm wrong  
But out of my mind  
When I see what I want  
Come and get it  
I'm grown  
Don't forget it  
I don't mind showing him  
I'm so wide open tonight

Baby, tonight  
We can spend some quality time  
You'll tell me secrets, baby I'll tell you mine  
You can rest your feet and unwind (for a minute)  
Be mine (for a minute)

You're so invited  
To the party  
I will cater to you  
Make you feel like a man  
I can  
So come on

If you give me your sight  
I'll make a move  
'Cuz I handle just fine  
I wanna see what I want, boy  
Come and get it  
I'm grown  
Don't forget it  
I'll put it all on the table  
I'm willing and able tonight

Baby, tonight  
We can spend some quality time  
You'll tell me secrets, baby I'll tell you mine  
You can rest your feet and unwind (for a minute)  
Be mine (for a minute)

You're so invited  
To the party

I will cater to you  
Make you feel like a man  
I can  
Come on

I'll do anything I'm not supposed to do  
And I just hope you're ready when I approach you  
Here's your invitation!

You're so invited  
To the party  
I will cater to you  
Make you feel like a man  
I can  
Come on

Yeah, yeah, yeah...

You're so invited  
To the party  
I will cater to you  
Make you feel like a man  
I can  
Come on

You're so invited  
To the party  
I will cater to you  
Make you feel like a man  
I can  
Come on
