VERSE 1:

You can make it, stop complaining
There's a purpose for you life
Mama's been where you goin'...it's gonna be alright
He'll never put more on you then you can bear
It's temporary, it's gonna get better
Yes it will

CHORUS:

There is a light that's shinin'
And soon the dawn will come
You'll find a purpose
Purpose in your storm
Soon you'll discover, peace like a river when the
Rain clouds form
You'll find a purpse, purpose in your storm

La La La.....(repeated)

VERSE 2:

Mark my word
Keep on livin'
I must have heard this a thousand times
Daddy told me things will happen
Go on ahead and cry
Whoever said it would be easy
Walkin the street called life
You can make, you'll survive it
Yes you will

Chorus
