{I know you gonna dig this}

I put my hands right through the air and close my eyes
and stare

I put my hands right through the air and close my eyes
and stare

You wanna talk about respect?

It's all behind you, 'cause too many people are waiting
in the wings

Born and bred this American pig

Put your foot in your mouth but the hole's too big

You talk more shit, I'll make your eyes burn

If you don't quit, time for a hard learn

I put my hands right through the air and close my eyes
and stare

You want to talk more about you know

About the little things you talk about

Think you know me pretty well then I know it's time to
sell

Only move for money that's the way it's gonna be

Thought it doesn't grow on trees, I love to bask in the
breeze

You talk more shit, I'll make your eyes burn

If you don't quit, yea, time for a hard learn

I put my hands up through the air and close my eyes
and stare

We'll sell you out so fast, we'll tear it down so fast

We get our culture from a mini mall, fuck inside a
bathroom stall

Rob Peter, Pay Paul, I'm just like you I want it all

I talk more shit, I'll make your eyes burn

If you don't quit, yea, time for a hard learn

We'll sell you out so fast, we'll tear it down so fast

We'll sell you out so fast, we'll tear it down so fast

{I know you gonna dig this}

You talk more shit, well I'll make your eyes burn

If you don't quit, yea, time for a hard learn

Why talk more shit? You talk more shit

Why talk more shit? You talk more shit

Born and bred this American pig!
