I just got hit by lightning again and she went right  
through me  
Pick me up off my back replace my skin  
Woman get your dirty mind out of my head, yeah

I never knew how good, I never knew how good it could  
be  
All over the world she's that kind of girl  
There's one in every scene, do you know what I mean?  
She's got that kind of face you see in every place  
Another beautiful girl all over the world

Once again ask the Devil how he's been  
And my angel asked me, "Why do you always have to  
give in?"  
So I told them, "You never know what day it is  
Until it's Saturday night"  
Get your dirty mind out of my head, yeah

I never knew how good, I never knew how good it could  
be  
All over the world she's that kind of girl  
There's one in every scene, do you know what I mean?  
She's got that kind of face you see in every place  
Another beautiful girl all over the world

I finally got it right, she knew what I was thinking  
I always knew how good it could be  
Stay tonight, stay tonight  
I always knew how good it could be  
Stay tonight, woman  
I always knew how good it could be

All over the world she's that kind of girl  
There's one in every scene, do you know what I mean?  
She's got that kind of face you see in every place  
Another beautiful girl all over the world  
All over the world
