He was the heavyweight king at the age of twenty-one
From the streets of NY where they're all called mean
He never had no mom, never had no dad
His aunt and Cus Da'mato was all he ever had

But he found his pot of gold, consequently came Givins
When they broke up it was him that was given
And we like to build 'em up and we like to see 'em fall
Finally taken down by a hooker, five feet tall

I said you gotta set him free
I said you gotta set him free
I said you gotta set him free
I said you gotta set him free

When push comes to shove
When push comes to shove
When push comes to shove
When push comes to shove

It was a battle of brains, a battle of wit
So my man got his mad skills, Allan Durschwitz
But he left him out to dry, the judge was a fool
Using this case as publicity tool

So it's off to cell to meet the prison staff
The first thing they do is want his autograph
And I just laugh 'cause he suffered the wrath
Now the man added time to his liberty path

I said you gotta set him free
I said you gotta set him free
I said you gotta set him free
I said you gotta set him free

When push comes to shove
When push comes to shove
When push comes to shove
When push comes to shove

I heard he gets a lot of visits, still he's got no family
But he gets a lot of love from the kids in Jodeci

What Desiree sucks, man, on his new TV
Same name, bitch, but you look similar to me

But that's another story, I'm getting' off track
But when he gets out I think you better watch your back
I said now when he gets out I think you better watch
your back
You might find yourself kid tagged and sacked

I say they gotta set him free
I say they gotta set him free
I say they gotta set him free
I say they gotta set him free

When push comes to shove
When push comes to shove
When push comes to shove
When push comes to shove

We gotta set that motherfucker free
