You met her  
persuade her  
But still she's miles away  
She crossed her fingers, won't look back at yesterday  
Sometimes you feel like you can run back into her arms  
You made her  
persuade her  
Don't let her slip away  
Don't let her slip away

*[Chorus]*

Ooh, just a little more baby can't you see  
You're running away  
Just a little more baby stay with me  
You're running away [3 x]

Surrender, protect her, I gave myself away  
She rolls her eyes at all the stupid things I say  
Sometimes I feel I can't run back into her arms  
I made her  
Forgave her  
But some things never change  
Don't let her slip away

*[Chorus]*

Ooh, just a little more baby can't you see  
You're running away  
Just a little more baby stay with me  
You're running away [3 x]

And you know you got me running, got me thinking  
'bout the other side  
And you know you got me hoping, got me praying,  
need you by my side  
Oh baby

*[Chorus]*

Ooh, just a little more baby can't you see  
You're running away  
Just a little more baby stay with me  
You're running away [3 x]
