Sometimes I just want to be left alone  
Move your big head  
It's my way go and get your own

I don't care about the things you do  
I don't care about the things you do  
I don't care about the things you do  
I don't care about, I don't care about

All my friends can't relate  
(I don't care about the things you do)  
No time off to hesitate  
(I don't care about the things you do)  
To my head touch my face  
(I don't care about the things you do)  
Two steps back you're in my space  
(I don't care about the things you do)

One more impossible to associate  
Got the high score  
Forgot to put the letterage

I don't know about the things you do  
I don't know about the things you do  
I don't know about the things you know about  
The things I know about the things you do

All my friends can't relate  
(I don't care about the things you do)  
No time off to hesitate  
(I don't care about the things you do)  
Feel my head touch my face  
(Touch my face)  
Two steps back you're in my space

The valeting that we make  
Or the illegal pictures on the net  
Remember how we told you well  
And that your playground is a gate to Hell

I don't know about the things you do  
I don't know about the things you do

I don't know about the things you do  
I don't know care about

All my friends can't relate  
(I don't care about the things you do)  
No time off to hesitate  
(I don't care about the things you do)  
Feel my head touch my face  
(Touch my face)  
Two steps back you're in my space  
(You stink)  
Can you sing?

I don't know about the things you do  
(Touching me)  
I don't know about the things you do  
(Can you say?)

I don't care about the things you do  
(Sometimes)  
I don't care about the things you do  
( I just want to be left alone)  
I don't care about the things you do  
(Move your big head)  
I don't care about the things you do  
It's my way go and get your own  
I don't care about, I don't care about

All my friends can't relate  
(Relate)  
No time off to hesitate  
(Hesitate)  
Feel my head touch my face  
(Touch my face)  
Two steps back you're in my space

Personal space invader  
Personal space invader  
Strange how you find out later  
Personal space invader
