Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

She knows how to work it
And when she's playing
Nobody is safe

She shines like a diamond
And if you find her
She'll blow you away

She sleeps all day
She's out all night
She's always satisfied
And you can't deny it

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

She comes when she's ready
She's Sex and the City
She'll bring you to your knees

Don't try to control her
'Cause it'll be over
She's scandalous, she's got to be free

She sleeps all day
She's out all night
She's always satisfied
And you can't deny it

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

Do you know what I mean?
(Hey, hey, hey)
Do you know what I mean?
(Hey, hey, hey)

She knows how to work it
And when she's playing
Nobody is safe

She sleeps all day
She's out all night
She's always satisfied
And you can't deny it

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

Hey, hey, hey
She's got the woo-hoo
She's got the woo-hoo
Do you know what I mean?

Hey, hey, hey
Woo-hoo, woo-hoo
Do you know what I mean?

Hey, hey, hey
Woo-hoo, woo-hoo
Do you know what I mean?
