a thousand U.S. dollars its on a mountain of speed
no need to know my whereabouts, cause you get what
you need
I love it when you come around I love it when you find
me gone
no time to think about can't save us from a sword
I love when you come around I love when you find me
gone
well tell ya damn right so don't tell me that I'm wrong
Tap, Twist, Snap x2
you see a nation of zeros, you bring us to our knees
and now you killed all our heroes, look at the dent you
can see
I love when you come around I love when you find me
gone
no time for cuffs tonight gonna wake up to the sun
I love when you come around I love when you find me
gone
in a car without headlights let power lead us on
Tap, Twist, Snap x2
I'm gonna drink tonight lets go out drinking
were gonna get it right no time for thinking
were gonna drink tonight lets go out drinking
spend all our cash tonight lets go out drinking
Tap, Twist, Snap
so you can call me a failure, and you know I'm a freak
but now its time for some payback, raising up with the
weak
I love when you come around I love when you find me
gone
no time to think about can't save us from a sword
I love when you come around I love when you find me
gone
well tell ya damn right so don't tell me that IM wrong
Tap, Twist, Snap x2
IM gonna drink tonight lets go out drinking
were gonna get it right no time for thinking
were gonna drink tonight lets go out drinking
spend all our cash tonight no time to think
Tap Twist Snap x4
