It gets so hard sometimes
It gets so hard sometimes with you

Whatever we are, we are
Whatever we are
(Whatever we are)
Whatever we are, we are
Whatever we are

Whatever we are, we are
Whatever we are
(Whatever we are)
Whatever we are, we are
Whatever we are, whatever

I try to show you somethin' you would understand
It's gettin' better all the time
But I never think you'd listen to a word I said
Whatever it is we are, we are, we are
And I said

Whatever we are, we are
Whatever we are
(Whatever we are)
Whatever we are, we are
Whatever we are

Whatever we are, we are
Whatever we are
(Whatever we are)
Whatever we are, we are
Whatever we are, whatever

I don't know where to start, I don't know where to stop
It gets so crazy all the time
But I just keep tryin' not to let you down
Whatever it is we are, we are, we are
And I said

It gets so hard sometimes, we always change our
minds
It gets so hard sometimes with you

Our love is there to find but it gets so hard sometimes
It gets so hard sometimes with you, with you
Oh pretty baby, oh pretty baby, oh pretty baby you're
the one

Whatever we are, we are
Whatever we are
(Whatever we are)
Whatever we are, we are
Whatever we are
(Whatever)

Whatever we are, we are
Whatever we are
(Whatever we are)
Whatever we are we are
Whatever we are
(Whatever)

Whatever we are, we are, we are
(Whatever we are)
Whatever we are, we are
Whatever we are
