Bj?rk  
You love him  
You want to make him happy  
He loves you  
He wants to humiliate you  
He's a bastard!  
You should leave him!  
Paranoid manipulator,  
To hell with him.  
He's dragging you  
Along..  
On a leash called love.  
He controls you.  
You should do him in  
Before he gets to you.  
Watch out girl.  
He's dragging you  
Along..  
On a leash called love.

Einar  
You have torn me, Inside out.  
Nothing but, a nervous wreck.  
You have got me, on a leash,  
You whip me with, a leash called love..  
I've lost all sense of direction, you make me a victim  
To your friends' nasty remarks, and I don't know how  
I survive, I can no longer  
Distinguish from, right or wrong,  
Sane insane, whip me back,  
Back and forth, paranoid.  
Leash called love..
