Every Time You Come Around-Michelle Wright
[Michelle Wright, Tommy Sims]

You know when somehow Monday doesn't feel the
same
And it just can't get you down
Yeah I'm sittin' in this traffic jam and smilin' anyway
Every time you come around

Funny where I'm standin' boy it looks like rain
But it's someone else's cloud
Excuse me if I laugh out loud, I just get this way
Every time you come around
Every time you come around

CHORUS:
Stay don't ever leave me
Won't you hang around a while
I know you may come and go
But I still like the sound
Every time you come around
Every time you come around

Cupid, if it's possible that I could keep you here
Would you show me how
Oh I see in your hesitance the answer all too clear
Like the tears of a clown
Every time you come around

CHORUS

CHORUS

Every time you come around
I want to wrap my arms around you
I want to hold you all night long
I'm so glad I finally found you
I just want to be around you
I just want to be around you
