When the weight of the world bears
down so strong
You leave footprints on the street
And there's too many miles to face
Without a few more hours sleep
The storm clouds overhead won't
shed

Any rain to quench your thirst
I wanna be the one you reach for
first

When your faith is stretched so thin
That you can see straight through
your soul

And you can't find a nickel to buy a
smile

'Cause your pockets all got holes
You wanna shut the door and hide
Before the day can get much worse
I wanna be the one you reach for
first

Chorus:

Fall into me

My arms are open wide

And you don't have to say a word

'Cause I already see

That it's hard and you're scared

And you're tired and it hurts

And I wanna be the one you reach
for first

I wanna be the bottle

You've been drinking with your eyes

Or the road you run away on

You've been running all your life

The third row pew

That you last knew as a child in
church

I wanna be the one you reach for
first

Repeat Chorus

Before you turn the key

Before you fall asleep

Before you drift away to fight those

demons waiting for you in your
dreams
Before your arms are stretched
wide open
Before you reach into the sky
Before you're searching for direction
And all the answers to your why's
Fall into me
Oh, my arms are stretched wide
open
You don't have to say a word
Because I already see
That it's hard and you're scared
And you're tired and I know it hurts
Yes, it's hard and you're scared
And you're tired and it hurts
And I wanna be the one you reach
for first
