Oh baby I lied
Got feelings for you I can't hide
So sad but it's true
I lost my mind when I lost you
Don't look at me that way
It's hard but I can't let you stay
We both know where it leads
I have to let you go
It's over we both know
And sorry won't fix us this time

Words won't help to
Heal what hurts you
I did what I had to do
So don't start crying
I'll start crying
My hearts broken too

Well God help me I've been blind
You just can't change a cheating kind
We've been down this road before
I have to let you go
It's over we both know
And "I'm sorry" won't fix us this time

Words won't help to
Heal what hurts you
I did what I had to do
So don't start crying
I'll start crying
My hearts broken too

Sometimes it seems
I'd sleep for dreams
When you were mine
But with the sun
The truth becomes
So clear I can't go back this time

Words won't help to
Heal what hurts you
I did what I had to do

So don't start crying
I'll start crying
My hearts broken too
