I've been sitting here staring at the clock on the wall
And I've been laying here praying, praying she won't
call

It's just another call from home

And you'll get it and be gone and I'll be crying

And I'll be begging you, baby, beg you not to leave
But I'll be left here waiting with my heart on my sleeve
Oh, for the next time we'll be here
Seems like a million years and I think I'm dying
What do I have to do to make you see she can't love
you like me?

Why don't you stay? I'm down on my knees

I'm so tired of being lonely, don't I give you what you
need?

When she calls you to go, there is one thing you should
know

We don't have to live this way, baby, why don't you
stay? Yeah

You keep telling me, baby there will come a time
When you will leave her arms and forever be in mine
But I don't think that's the truth
And I don't like being used and I'm tired of waiting
It's too much pain to have to bear to love a man you
have to share

Why don't you stay? I'm down on my knees

I'm so tired of being lonely, don't I give you what you
need?

When she calls you to go, there is one thing you should
know

We don't have to live this way, baby, why don't you
stay?

I can't take it any longer but my will is getting stronger
And I think I know just what I have to do
I can't waste another minute after all that I've put in it
I've given you my best, why does she get the best of
you?

So next time you find you wanna leave her bed for

mine

Why don't you stay? I'm up off my knees
I'm so tired of being lonely, you can't give me what I
need
When she begs you not to go, there is one thing you
should know
I don't have to live this way, baby, why don't you stay?
Yeah, oh
