It's written on our palms and it's written on our hearts
It's written in our songs and it's written in the stars
Sometimes all we can do is stand up tall
They're standing in line just to watch us fall

Whooooo, whoooo, whoooo, whoooo
We can't forget these are the days
whoooo, whoooo, don't be afraid
We can't forget these are the days

Well, we got each other and that's all we need
From here on out it's just you and me
Two hometown hearts up against the world
That don't stand a chance against this boy and girl

We've faced em down, fought bigger fights
And I know, babe, we're gonna be alright

Whooooo, whoooo, whoooo, whoooo
We can't forget these are the days
whoooo, whoooo, don't be afraid
We can't forget these are the days

Well, it feels like we're living from paycheck to check
we wake up wondering what might happen next
Yeah, sometimes it feels like we won't make it through
But the hard times pass like the good ones do
Baby, wrap your fingers and hold on tight
I'll be right here beside you tonight

Baby, climb up here, watch the city glow
Let's make a wish on the fireworks below
We're making moments we won't forget
We fill in ones that haven't happened yet

Whooa, whooa, whooa, whooa, whooa
We can't forget these are the days
whoooo, whoooo, don't be afraid
We can't forget these are the days

whoooo, whoooo, don't be afraid
We can't forget these are the days
