Travels thru my veins poisoning my soul  
Makes me hate myself, makes my anger blow  
Suffocates the hope - eats away my will  
And I don't wanna feel this way ? but I can't stop it at all  
Traps in all the hate - depression

And I don't wanna hurt no more ? but I can't stop it at all  
And I don't wanna lie here numb - but I can't stop it at  
all  
And I don't wanna have to give in ? but I can't stop it at  
all  
Depression-it's got me I fought it-it whapped me  
Depression and anguish the poison's inside me

Why can't I just make it end-I'm tired of feeling this way  
Why can't it just let me be-I'm tired of feeling this way  
Why can't I just have a break-I'm tired of feeling this  
way

Why can't it just go away-I'm tired of feeling this?  
Depression and anguish the battle can't take this  
And I don't deserve this oh no  
Depression is poison the damage is all done  
And I don't deserve this oh no  
And I don't wanna feel this no

Digs into my heart roots sprout thru my brain  
And I don't wanna feel this no  
Plants it's ugly thoughts growing wild again  
Shuts all systems off, locks me in a haze  
Traps in all the hate-depression  
And I don't have the strength to scream, but here it  
comes again

And I don't have the sense to cry, but here it comes  
again  
And I don't have the will to fight, but here it comes  
again  
And I don't have the choice to quit, and here it comes

Depression and anguish the battle can't take this

Depression it's got me I fight it but why me  
Depression is poison the damage is all done  
Depression and anguish the poison's inside me
