Taste like addiction

Smells like addiction

This is addiction

Feeding the addiction

Feeding the addiction

Feeding the addiction

Swearing to God the pipe's all you're needing  
You haven't eaten in days and your gums are bleeding  
It's robbing or stealing or turning a trick

You do whatever it takes to suck on the Devil's dick

The more you feed it, the harder it is to tame

Taking in the Beast, playing it like a game

Lying to yourself saying the same old shit

"I don't need it, I just don't want to quit"

Taste like addiction

Smells like addiction

This is addiction

Feeding the addiction

Feeding the addiction

Feeding the addiction

The hunger of addiction calls

There's nothing romantic about going through  
withdrawals

You're craving a sample well, here's just a taste

Picking and scratching the scabs on your face

Your life support system's a syringe

Killing a piece of your soul every time you binge

Praying to God and begging for forgiveness  
Knowing damn well that you can't keep going on like  
this

This is addiction

Feed the addiction

This is addiction

Taste like addiction

Smells like addiction

This is addiction

I won't give up the plot but here's a few surprises  
Muscle spasms, you're puking as your temperature  
rises

Led off to slaughter like a heard of cattle

The demons inside have won the battle

The Devil takes another soul to burn

What does it take for another fool to learn

The ritual's over as another one dies  
The ritual begins as another one tries

It's a feeding time...

It's your feeding time

It's a feeding time...

It's your feeding time

It's a feeding time...

It's your feeding time  
It's a feeding time...  
Feeding...the monster!

Cursing at God and praying to die...

Cursing at God and praying to die...  
Cursing at God and begging to die...

Cursing at God and begging to die...

Taste like addiction

Smells like addiction

This is addiction

Feeding the addiction

Feeding the addiction

Feeding the addiction

Cursing at God and praying to die...

Cursing at God and praying to die...
